

How to call CCMM

The CCMM (French TMAS) assures 24/24H the answer for the emergency medical problem at sea and proposes a telemedical service for advice concerning not urgent medical problem during the week from 08 AM to 18 PM. The connection can be established with the doctor of the CCMM via a coastal station (MRCC, CROSS in France) by the marine VHF, by the "BLU marine" or by the Inmarsat C station or FleetBroadband.
